Hello to all,

Last Wednesday was a new dawn in Fonterra supplier representation with the overwhelming acceptance of all the changes proposed at our Annual General Meeting.

The most significant of these was the change to our name. We will now be called the 'Fonterra Australia Suppliers' Council' and the changes to the structure – bringing both Bonlac Supply Company and the Supplier Forum under this one banner – will be implemented under this new name.

We will send out a letter shortly to suppliers that details all of the changes, how the new structure will work and what it means to you.

We are excited about the opportunity to move forward and build even stronger representation for all suppliers.

Thanks
John
